EDUCATION

Bachelor's Degree in Information Systems | 2020-2024

- Faculty of Computer and Information ([Menofia University](#))

CERTIFICATES

- Database Fundamentals ([Mahara-Tech](#))
- UI/UX Design Basics with Figma ([Self-paced online course through YouTube](#))

PROJECTS

Weather Website

- Developed a responsive weather website using HTML, CSS, JavaScript, and Bootstrap
- Integrated a weather API to fetch real-time weather data for any location
- Implemented user-friendly features such as location-based weather search, current temperature display, and weather forecasts
- Live Demo:** <https://sara-mostafa200.github.io/Weather/>

Game-Reviews Website

- Developed a responsive website for displaying and filtering games based on category
- Implemented Object-Oriented Programming (OOP) principles in JavaScript to manage game data and filtering logic efficiently
- Designed and structured the interface using HTML and styled it with CSS and Bootstrap for a clean, modern appearance
- Live Demo:** <https://sara-mostafa200.github.io/Game-Reviews/>

ACTIVITIES

- Volunteered as a Multimedia Member at MUFIX Community, contributing to the design and media projects
 - Participated as a Problem Solver in the International Collegiate Programming Competition (ICPC)
-
